

The Journal of the Argentine Chemical Society
Anales de la Asociación Química Argentina

ISSN 1852-1207

Edited since 1913

Editors-in-Chief

Prof. Mario Feliz and Dr. Jose Alberto Caram (INIFTA)

Associate Editors

Prof. Cristina Añón (CIDCA) – Prof. Carlos Brondino (UNL) – Prof. Luis Bruno Blanch (UNLP) – Prof. Rita Hoyos (UNC) – Prof. Alejandro Olivieri (UNR) – Prof. Roberto C. Salvarezza (INIFTA) – Prof. Luis Wall (UNQ) – Prof. Roberto J.J. Williams (UNMDP)

International Scientific Advisory Board

Prof. Carlos Bunge (México) – Prof. Imre Csizmadia (Canada) – Prof. Sylvio Canuto (Brazil) – Prof. Juan M. Diez Tascón (Spain) – Prof. José Elguero (Spain) – Prof. Joseph T. Golab (US) – Prof. Osvaldo Goscinski (Sweden) – Ivan Gutman (Yugoslavia) – Prof. David A. Micha (US) – Prof. Arsenio Muñoz de la Peña (Spain) – Prof. Andrey A. Toporov (Uzbekistan) – Prof. Francisco T. Vert (Spain) – William A. Steele (US)

Contents

Vol. 95 (1-2) January – December 2007

Regular papers

- Seasonal study of the alkaloid pattern of *huperzia saururus* with habitat in Córdoba province (Argentina).
Ortega M. G.; Agnese A. M.; Barboza G. E. ; Cabrera J. L. pp. 1-9
- Characterization of electrochemical properties in fractions of different molecular size taken from natural soil organic matter of Argentine humid pampa.
Pidello A., Amichetti M.L.; Coletti-Zaballa T.; Menéndez L.; Perotti E.B.R. pp. 10-19
- Flavonoids from *gutierrezia repens* (asteraceae)
Alarcón, S. R., Ábalos, M., Colloca, C. B., Pacciaroni, A., Sosa, V. E. pp. 20-24
- Phytochemistry and phytotoxic activity of *lagascea mollis* (asteraceae)
Alarcón, S. R., Ocampos, L. S. N., Flores Galleguillo, L. V., Pacciaroni, A., Sosa, V. E. pp. 25-31
- Nutrient content of dove meat from the province of Chaco, Argentina
Sarno M. C., Utgés E. E., Farías A. R., Delgado J. M. pp. 32-38
- Quality and chemical composition of residual cakes obtained by pressing jojoba seeds produced in La Rioja, Argentina
Gayol M. F., Labuckas D. O., Oberti J. C. Grosso N. R., Guzmán C. A. pp. 39-47
- Theoretical study of methane adsorption on graphite
Albesa, A. G., Vicente, J. L. pp. 48-58
- A DFT and AIM study of blue-shifting hydrogen bonds and secondary interactions in small heterocyclic complexes
Oliveira B. G. pp. 59-69
- Chemical fractionation of cadmium in natural waters from Paraná river at Corrientes-Argentina.
Pellerano, R. G.; Romero, C. H.; Acevedo, H. A.; Vázquez, F. A., Marchevsky, E. J. pp. 71-80
